THE NATIONAL FOOD LABORATORY RECEIVES 2009 BEST OF DUBLIN, CA AWARD

WASHINGTON D.C., June 8, 2009 – The National Food Laboratory (The NFL), Inc. has been selected for the 2009 Best of Dublin Award in the Special Interest Libraries category by the U.S. Commerce Association (USCA).

The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Various sources of information were gathered and analyzed to choose the winners in each category.

The 2009 USCA Award Program focused on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.

ABOUT THE NFL: The National Food Lab, The NFL, is a unique place where art meets science in the business of food. They are experts in the fields of food safety, product and package development and commercialization, culinary innovation, consumer insights, sensory evaluation, food quality and food marketing. They work globally, advising and assisting clients with innovation, speed-to-market, and protecting the brands

where art meets science

they work so hard to build. The NFL helps many of America's most recognized brands and successful start-up food and beverage companies achieve competitive and commercial success. Visit them in person or on the web at www.TheNFL.com.
